**mackaywong** is a strategy + design agency located in the heart of Toronto's Entertainment District. We happily spend our time dreaming up extraordinary guest inspired experiences for the world's best restaurant, hotel and casino brands. Lucky us! Our work is award-winning and bold, but more importantly, it drives loyalty, increases revenue and transforms beloved brands into admired marketplace leaders. Ultimately it's our client's success that inspires us most. Since 1991, the team has created hundreds of beautiful restaurants, bars and clubs, dozens of stylish hotels and destination casinos, developed a gazillion logos, umpteen brand strategies and left a mountain of lovely sketches along the way. Together with our clients, we define and position their concepts, visualize their identities and breathe life into the spaces using every means available. We develop what these experiences can do, identify who they are for and shape the memories that follow. We draw the pictures, select the materials, manage the process, crash the Opening Party and definitely a whole lot more.
